

Dear Star Bank Customer,

Thank you for being a valued Business Banking customer. As was communicated in our previous letter, we will be upgrading our banking technology on March 20, 2017. With this upgrade, you will see many enhancements to our online business banking and e-Services. You will also have access to a new mobile app with Bill Pay and Picture Pay capabilities.

After the Upgrade, your Business account will be classified as a **Corporate Checking Account**. The features of this account are as follows:

Monthly Service Charge	\$10 plus activity fees. Analysis Charges may apply.
Charge Per Debit Item	\$0.15 each
Charge per Deposit	\$0.30 per deposit, plus \$0.10 per deposited item.
Business Debit Card	FREE
24-Hour Telephone Banking	FREE
Zipper Deposit Bag	FREE
Online Banking	FREE
Online Bill Pay (subject to approval)	\$3 per Month
Check Images with Statements	\$4 per Month

The Corporate Checking Account is the perfect fit for large volume companies. The Earnings Credit will offset the activity fees for most customers. Additionally, the Corporations that are looking for online financial management tools will enjoy the flexibility provided by Star Bank's technology upgrade. Please refer to your branch's most current rate and fee schedule. If you feel that a different account would be a better fit for your business needs, please visit or call your local Star Bank office.

Please visit www.StarBank.net to stay up-to-date with the Technology Upgrade and to learn more about the new online and mobile banking enhancements. Please let us know if you have questions.

Sincerely,

Branch Manager
